

# NAMES CAN BE FUNNY

I believe there really should be a word of caution left to all incoming pastors to this flock because of the very nature of the names of the people in this congregation.

As soon as the pastor and family arrive they are immediately confronted with some grave concerns. (listen for your name)

There are the **WILEY FOXES** and **EVANS** lots of **WOLFES** who may **SPRINGER** at you at any moment. As you **WAITE** for them to go by all of a **SUTTON** some **JACKS** come **HORNING** in and may well **HOPPER** right an top of you.

Even though the pastor might object strongly against such actions U might be **RIGGED, (Uhrig)** and be brought into **COURT RIGHT SUTTONLY** and you might feel like a **DUD—LEY**, after which he **SIGHED (Seid)** all the way home.

Well, the roads like Kleinschmidt Grade may seem narrow but there will be some **WIDNER** places with some Sweet **WILLIAMS** growing in the **DALES** and in the **CRAIGS**.

Some days may seem **GRAY**, and even **GRIMM**, but you might take your **CARR** out to follow the **LEWIS** and Clark Trail for some adventure, and say to yourself **SURE MAN (Sherman)** this is the life only to realize you **GREW PETTY (Pettigrew)** tired of sharp curves with no **DENNY** restaurant along the way.

Don't despair for sometimes they might **HOFFER** you the rare privilege to **PICKETT** some **ATTEBERYS** in the **0 'DELLS**.

If all this has made you weary just place your head on a **DOWNEY** pillow and relax for the source of these **GRUBBY** remarks have been **POMEROYED** off on you by a **GRUBBY** pair who have been lurking around these parts for about nine months.
